

Shareholder Communications

LKO is focused on reducing its carbon footprint whilst providing you with timely corporate updates and disclosures.

Recent legislative changes to the Corporations Act 2001 (*Cth*) mean there are new options for how LKO shareholders receive communications. LKO will no longer send physical meeting documents unless a shareholder requests a copy to be mailed.

Electronic communication has the added advantage of being timelier and more cost effective, which benefits all shareholders, and LKO encourages all shareholders to provide an email address so we can communicate with you electronically when shareholder notices become available online, for items such as meeting documents, dividend statements and annual reports. You can make a standing election to receive some or all of your shareholder communications in physical or electronic form.

To review or update your current communication preference simply logon to our share registry's website [here](#). You will need your log in details or your Shareholder Reference Number (SRN) or Holder Identification Number (HIN).

If at any time you require an additional copy of a communication, or you need more information about the options available to you, please contact Computershare Investor Services Pty Limited via their online form available [here](#) or at:
